

Name: *Thaveesha Thilan Sonnadara* Date of Birth: *23 December 2002*
Student Reference: *19857295* Partner Reference: *20222131*
Intended Qualification: *Bachelor of Engineering* Course Title: *Software Engineering with Industrial Placement*
Teaching Institution: *Informatics Institute of Technology Sri Lanka* Language of Instruction: *English*
Awarding Institution: *University of Westminster*

Record of Learning and Achievement

Level	Module Code	Module Title	Credits	Session/Semester	Result	Attempt	Mark
4	4COSC006C	Software Development I (IIT Sri Lanka)	20	2022/3/2	P	1	81
4	4COSC007C	Mathematics for Computing (IIT Sri Lanka)	20	2022/3/2	P	1	88
4	4COSC008C	Trends in Computer Science (IIT Sri Lanka)	20	2022/3/2	P	1	62
4	4COSC009C	Computer Systems Fundamentals (IIT Sri Lanka)	20	2022/3/3	P	1	95
4	4COSC010C	Software Development II (IIT Sri Lanka)	20	2022/3/3	CP	1	30
4	4COSC011C	Web Design and Development (IIT Sri Lanka)	20	2022/3/3	P	1	74
5	5COSC019C	Object Oriented Programming (IIT Sri Lanka)	20	2023/4/1	P	1	87
5	5COSC020C	Database Systems (IIT Sri Lanka)	20	2023/4/1	P	1	83
5	5COSC021C	Software Development Group Project (IIT Sri Lanka)	20	2023/4/0	P	1	61
5	5COSC024C	Server-Side Web Development (IIT Sri Lanka)	20	2023/4/2	P	2	51
5	5SENG003C	Algorithms: Theory, Design and Implementation (IIT Sri Lanka)	20	2023/4/2	P	1	67
5	5SENG007C	Software Engineering Principles and Practice (IIT Sri Lanka)	20	2023/4/1	P	1	52
6	6COSC019C	Cyber Security (IIT Sri Lanka)	20	2025/6/2	P	1	71
6	6COSC023C	Computer Science Final Project (IIT Sri Lanka)	40	2025/6/0	P	1	59
6	6DATA005C	Operational Research and Optimisation (IIT Sri Lanka)	20	2025/6/2	P	1	67
6	6SENG005C	Formal Methods (IIT Sri Lanka)	20	2025/6/1	P	1	76
6	6SENG006C	Concurrent Programming (IIT Sri Lanka)	20	2025/6/1	P	1	72

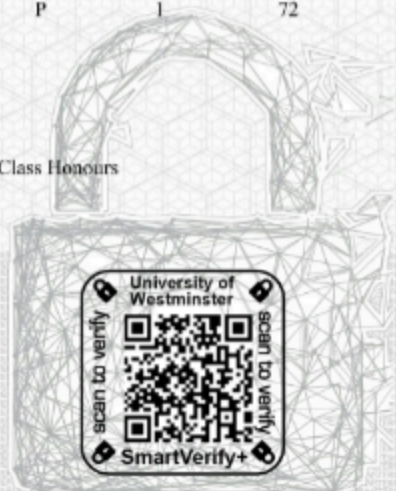

*= Credit for Prior Learning.

Credits Passed Level 4: 120 Level 5: 120 Level 6: 120

Award Date 06 August 2026 Awarded Bachelor of Engineering Software Engineering with Industrial Placement with Upper Second Class Honours

Date of issue: 21 August 2026

ADVANCED eTRANSCRIPT

FINAL TRANSCRIPT: EXPLANATORY NOTES

The record of learning and achievement for each student is issued when they leave the University.

The record known as the transcript is based on an agreed data set, which accords with the guidance issued by the UK Quality Assurance Agency (QAA).

KEY TO THE INFORMATION

1. Student Name: Legal name as recorded on the Student Records System.
2. Student Reference: The student identifier designated on registration.
3. Date of Birth: Verified during application and enrolment.
4. HESA Number: The unique national identifier allocated for purposes of anonymised reporting to the UK's Higher Education Statistics Agency (HESA).
5. Intended Qualification: The validated course name giving intended award of study for the course the student registered for. The actual award given will be detailed at the bottom of the page, along with the date of award.
6. Course Title: The course of study which the student is registered on.
7. Language of instruction: the language of assessment will be English except for language courses.
8. Mode of Study: Details the mode of study on completion of the course, e.g. F/T – full-time; P/T – part-time and B/M block release.
9. Level of Qualification: The final level of the academic award achieved benchmarked to the QAA's Framework for Higher Education Qualifications (FHEQ) below:

FHEQ Levels

Level 8 Doctoral
Level 7 Masters

Level 6 Honours
Level 5 Intermediate
Level 4 Certificate

Level 3 Advanced
Level 2 Intermediate Level 1
Foundation Entry

10. Level of Module: The FHEQ level of each module grouped by level rather than in date order.

Module Code and Title: The module code identifies the University site/Faculty/School (first character); the subject area (the following three characters); the level of study (fifth character) and the reference for each validated module studied (sixth and seventh characters).

P: Inclusion of P in the module code indicates language study within the University-wide Polylang scheme. The academic credits for such modules are awarded at the same level as the student's main study programme.

11. Credits: The academic credit weighting for each module.
12. Session/Semester: the academic session and semester in which each module was studied (e.g. 2020 means 2020/21).

Semester 1 – September to December, Semester 2 – January to March,
Semester 0 – Year long modules,
Semester 3 – Summer School,
Semester 9 – Re-assessment Period

13. Result:
UG Result: Passed with an overall mark of at least 40%.
PG Result: Passed with an overall mark of at least 50%.
CC or CP Condoned: A mechanism by which a module can be passed, and credit awarded where the module pass mark or a qualifying mark, and thus the module learning outcomes, have not been achieved.
14. Attempt: 1 means first registration for the module; 2 means second registration and a further attempt following failure at the first attempt.
15. Mark: The overall mark for the module as a percentage.
16. RPL: Recognition of Prior Certified (RPCL) and/or Experiential (RPEL) Learning. When academic credit is awarded for prior learning the student is granted exemption from the module(s) to which the RPL has been benchmarked.
17. ECTS: European Credit Transfer System. The academic credit of a Master's degree in the UK is 180 credits. The University of Westminster value of credits changed in 2001/02 from 120 to 180 credits which deemed to be equivalent to 90 ECTS credits. Undergraduate academic credit at the University of Westminster is 15/20 credits which is the equivalent of 7.5/10 ECTS credits.
